Notice is hereby given that the Water Pollution Control Authority, (WPCA), following a public hearing held on July 17, 2019 and in accordance with Chapter 103 of Connecticut General Statutes, voted to levy a sewer user charge for properties using the sewer in the Town of Wilton in the amount of \$219 per user unit.

Sewer user charges will be due and collected by the Tax Collector, payable to Wilton WPCA, thirty (30) days after the billing date in the first fiscal year. In the following fiscal years, the user charges will be due and collected by the Tax Collector, payable to Wilton WPCA, on August 1st. User charges unpaid for thirty (30) days after the due date will become delinquent and will incur interest thereafter at 18% per annum (1.5% per month) from the due date. The minimum interest charge is \$2.00. Any unpaid sewer use charged, including interest, shall constitute a lien on the real property of the user. Enforcement of the lien shall be in the same manner provided for property taxes, including foreclosure.

In accordance with C.G.S. Sec. 7-255, any person aggrieved by the charge for the use of the sewerage system may appeal to the superior court for the judicial district and shall bring such appeal to a return day of court not less than twelve or more than thirty days after service thereof.
